

NEW SOUTH WALES FIRE BRIGADES

OPERATIONS BULLETIN 2006/09

New radio callsigns for Zone Commanders, Duty Commanders and Senior Instructors

As part of the corporate restructure currently underway, the radio callsigns for Zone Commanders, Duty Commanders and Senior Instructors have been revised. The aim of these changes is to lessen the possibility of confusion between like-sounding callsigns, reduce the length of identifiers to minimise radio airtime, and to link the callsigns more closely to the geographic area for which officers are responsible. A complete list of the new callsigns is provided below.

Use of these callsigns is to commence use at 0800 hours on Monday, 16 October 2006. Area Commander and Manager Training callsigns remain unchanged, as do the MRC financial codes for the new Zones and Areas.

Note: When sending radio messages, officers and ComCens are required to identify themselves by their full title as listed and are to not use any form of abbreviation i.e. Zone Commander Riverina, Duty Commander Northern Rivers, Senior Instructor Blue Mountains, etc.

Zone name	Descriptive name	MRC code	Officer callsign	FireCAD
Metropolitan North 1	Hunter Coast	MN1	Area Commander Metro North Zone Commander Newcastle Duty Commander Newcastle Senior Instructor Newcastle	ACMN ZCNEW DCNEW SINEW
